## ***The Herbie Lady***

The Herbie Lady has become an equine household name as her renowned herb blended antidotes have had widespread success with humans, horses and dogs alike. Initially, the *Herbie Lady* or Yvonne Lucas developed a natural cream which quickly and completely healed her youngest daughter's 'incurable' eczema. She uses her background in medicine as a nurse and an anaesthetic technician coupled with a curious passion in the power of herbs and other natural remedies to assist others in helping themselves or their pets in obtaining a cure in the most natural way. Yvonne swiftly made the transition from assisting her daughter, to rescuing and rehabilitating horses using her own hand-blended formulas to allow previous 'dogger-horses' to

lead happy, healthy and useful lives.

Yvonne now hand-blends a wide variety of nutritional and herbal supplements, creams, ointments and shampoos which she has made available to the public by contacting her in person, or through selected outlets and agents. All are quickly gaining popularity due to their undisputable effectiveness, and blends include detoxes, hormone balancers, cold and flu treatment and prevention, digestive soothers, weight gainers, wound creams, shampoos, as well as a divine collection of skin and hair products for the horse owner. All products come with detailed information of their make-up, potential benefit and possible contra-indications, and can be individually tailored to suit your personal needs.

One of the many testimonials from very happy customers is displayed below:

*Hi Yvonne,*

*A little while ago I wrote to you about my mare that was really bad when she was in season. After you recommended some "girlie" herbs I am glad to see that she is nowhere near as bad now and it is almost not noticeable when she does come in season.*

*While I spoke to you about my mare you also gave me a sample of "Dizzy Lizzy", I would also like to say that this has helped my "A.D.D" horse. Rik seems so much more with mind on the job, so much so that he won his ridden hack class on the weekend, and resulted in a fantastic day. I would now like to purchase more "Dizzy Lizzy" and have recommended it to a few more people.*

*Thank you,  
Sarah Aitcheson*
